MESSAGE OF THE RECTOR

OF WEST UNIVERSITY OF TIMIȘOARA

West University of Timișoara is a wide community with a strong tradition, a community aiming to be innovative and to generate new discoveries, supported by our committed and talented academics and inspired by the energy and fresh spirit of our students.

I am proud to be the Rector of an institution where the Nobel Prize winner Herta Muller studied and to be part of this amazing academic community, which has given rise to so many famous international personalities.

At the West University of Timișoara, we cherish the great value of thousands of graduates who build the Alumni Community, growing wider and wider and representing our institution all over the world, since they are our most authentic ambassadors.

Timișoara is the city where the Romanian Revolution broke out in December 1989, symbol of freedom and multiculturalism. It is an honor for our community and a great opportunity for the West University of Timișoara to contribute to the promotion of local culture and values and to involve our students and academics in the present and future events.

I warmly welcome you to West University of Timișoara, a dynamic university which offers its material and intellectual resources so that the students can reach their highest potential and become their best.

Rector,

A handwritten signature in blue ink, reading "Marilen Gabriel Pirtea". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Professor Marilen Gabriel PIRTEA, PhD.

TIMIȘOARA-A SMART AND INNOVATIVE CITY

Called Little Vienna or the City of Flowers,

Timișoara is considered the informal capital of the historical Banat region. The country's third largest city is the economic hub of the region, with 319,279 inhabitants, home to almost a half-million inhabitants in the metropolitan area, as well as over 30,000 students from over 50 countries.

Located in a flat area along the Bega river, Timișoara is inhabited in a perfect harmony by Romanians, ethnic Germans, Hungarians, Serbs, Jews, Turks, etc. It is also the only European city that features three public theatres in three different languages (Romanian, German, Hungarian). To meet the needs of this cosmopolitan environment, schools provide education in several languages: Romanian, English, French, German, Hungarian and Serbian. This diversity offers Timișoara a multicultural character and a distinct personality.

Symbol of the 1989 Revolution against the communist regime, Timișoara celebrates day by day the civic spirit, the opening towards innovation and technology, the interest in education, media and theatre, art, music and architecture, through new forms of expression and through the involvement of the entire community.

The city represents, for the West part of Romania, a heart of culture and education, which offers the opportunity to study at one of the four traditional state universities: the West University of Timișoara, the Politehnica University of Timișoara, the University of Medicine and Pharmacy "Vitor Babeș" and the University of Agricultural Sciences and Veterinary Medicine of Banat "King Mihai I of Romania".

A modern cosmopolitan city and academic centre, Timișoara means wide international perspectives and the perfect starting point to accomplish the major ideals of welfare, progress and understanding.

WEST UNIVERSITY OF TIMIȘOARA

A bastion
of higher education,
the largest university
in the West
of Romania,

West University of Timișoara
is a large academic center,
with a strong focus on employability
and career preparation.

Providing innovative teaching methods, a student-centered approach to learning and study programmes with an international outlook, West University of Timișoara is a 16.000-member family, with 11 faculties and a very wide range of fields and specializations, from vocational, social, economic and philological areas to science.

WUT is offering an effervescent intellectual environment, which stimulates individual achievements, teamwork, interdisciplinarity and research. Our students are exploring subjects of interest, as we offer a curriculum designed to help them gain the skills and experience necessary to become a member of a global society and enter an intensively globalized labour market. Our focus are applied study programmes and interdisciplinarity, in an increasingly internationalized academic community that is waiting for everyone to become a member.

Our reputation for academic excellence attracts academics and students from around the world, resulting in a friendly, open and multicultural environment. With an average of 6% (and growing) number of international students and more than 400 partner universities worldwide, our community is growing its' international dimension constantly. Numerous international educational projects, as well as a very high number of student and staff mobilities abroad, also contribute to the internationalization of our curricula, our community, and our institution overall.

WUT IN THE ROMANIAN ACADEMIC SPACE

"UNIVERSITARIA" CONSORTIUM

WUT is a member of the greatest Romanian academic consortium, "Universitaria" Consortium, the common project of the five most prestigious universities from the country:

- University of Bucharest
- Babeş-Bolyai University from Cluj-Napoca
- "Alexandru Ioan Cuza" University from Iaşi
- The Bucharest University of Economic Studies
- West University of Timişoara

Within the Consortium, WUT cooperates with the partner universities in order to increase the standards of scientific research and teaching activity, to improve the legal frame of the higher education system and to establish

relationships with local and national authorities, private and public institutions and companies and the society at large, so as to be able to accomplish projects to the benefit of both parties.

THE NATIONAL COUNCIL OF RECTORS

As a member of the National Council of Rectors, which is the only official body promoting the interests of Romanian higher education institutions, the West University of Timișoara contributes to the research, analysis and prospecting activity that it constantly performs, thus enabling academic autonomy.

The WUT academic staff also join, as members, various national institutions dedicated to the assurance of quality in higher education, to the accreditation of study programmes and to the provision of consultancy for the Ministry of Education: the National Council for Scientific Research, the National Council for the Certification of Academic Titles, Diplomas and University Certificates, the National Council for Higher Education Funding, the Romanian Agency for quality assurance in higher education, etc.

WUT FACULTIES

- ARTS AND DESIGN
- CHEMISTRY, BIOLOGY, GEOGRAPHY
- ECONOMICS AND BUSINESS ADMINISTRATION

Judicial career
Sport law (postgraduate course)
Tax law

PHD:

Law

A background image showing a person's hand reaching for a book on a library shelf. The shelves are filled with books of various colors, and the lighting is warm and focused on the hand and the book being reached for.

FACULTY OF LETTERS, HISTORY AND THEOLOGY

With a wide range of study programmes (Romanian, Latin and modern languages, History, Orthodox Theology and Cultural Studies), it trains young generations to become teachers, translators, interpreters, writers, editors, specialists in public relations, cultural mediators, cultural project managers, historians, archaeologists, clerics.

UNDERGRADUATE:

Applied modern languages (English, French, German, Spanish, Russian, Serbian and Croatian)

Cultural studies

History

Languages and literatures (Romanian, English, French, German, Latin, Russian, Serbian and Croatian, Italian, Spanish)

Orthodox theology pastoral

POSTGRADUATE:

PHILOLOGY:

American studies

Balkan culture and civilization. Intercultural communication in Banat

Contemporary trends in the Romanian language study

Cultural and linguistic Roman studies (Latin, French, Italian, Spanish)

German language in a European context: interdisciplinary and multicultural studies

Literature and culture – Romanian contexts, European contexts

Theory and practice of translation – English and French

HISTORY:

Archeology and environment in a lasting development context

THEOLOGY:

Religion, culture, society

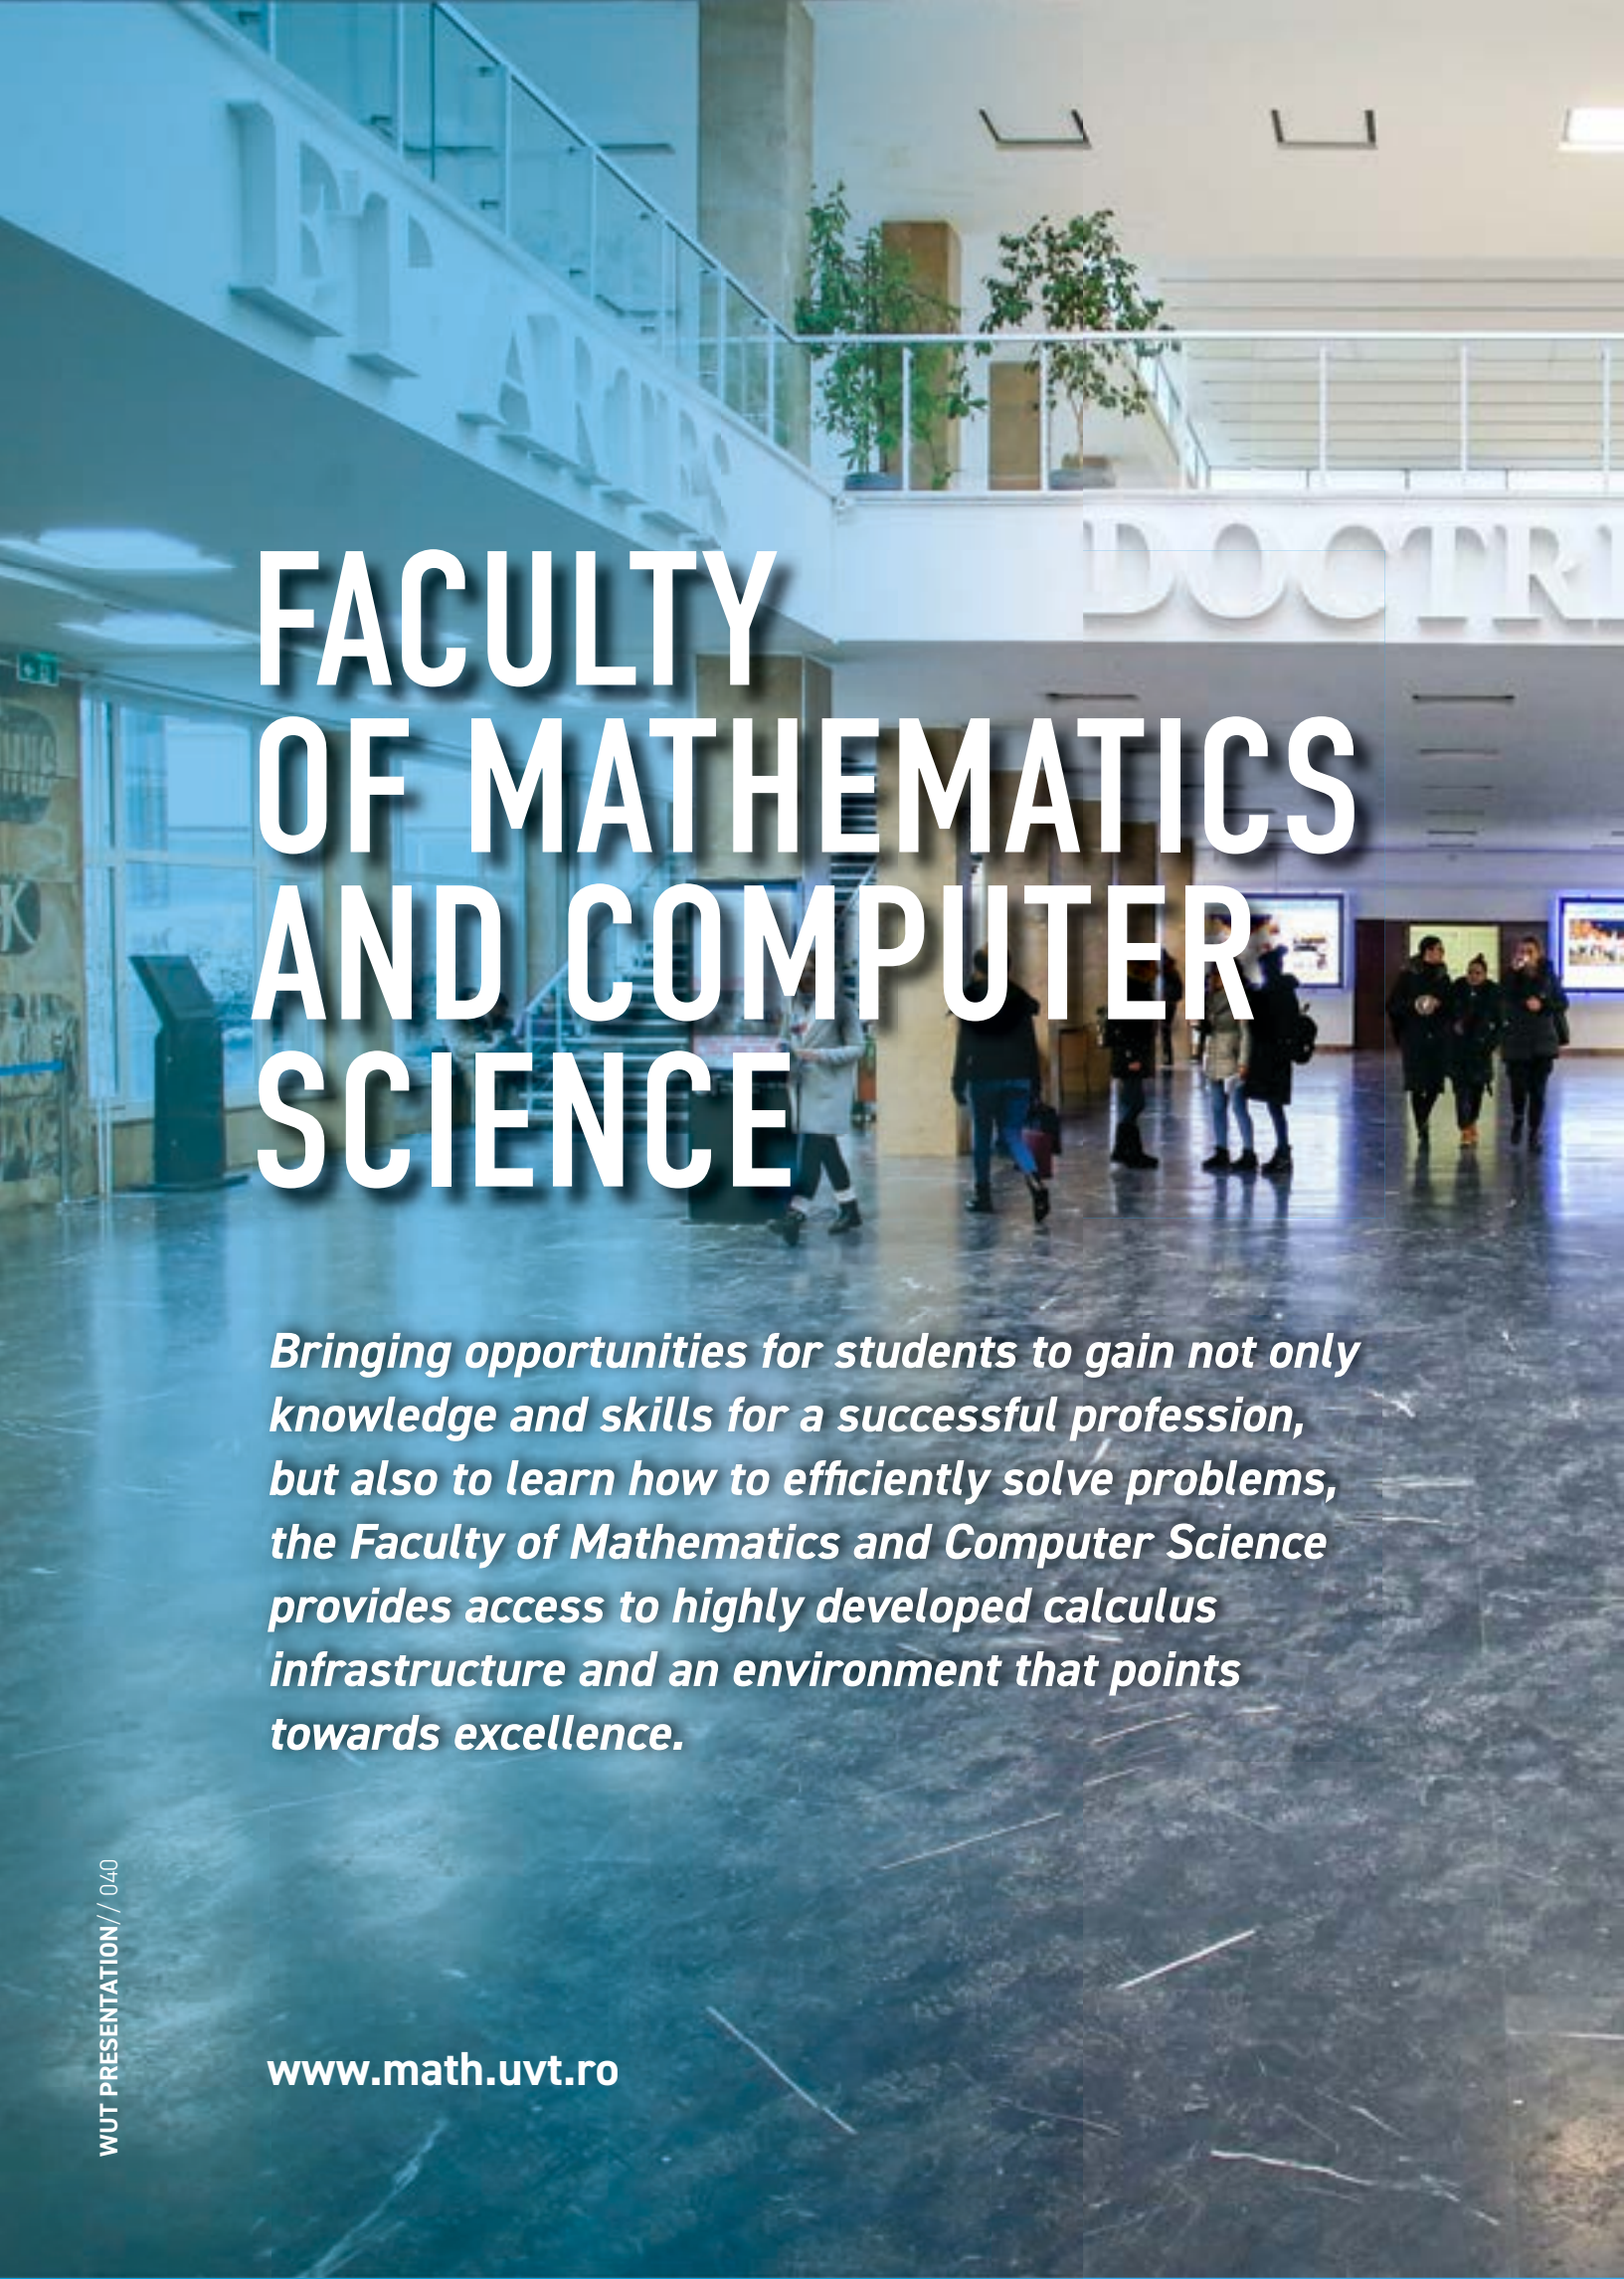

PHD:

History

Philology

Research centers:

- Center for Business Law Timișoara
- Center for Comparative Law and Interdisciplinarity
- Penal Sciences Research Center

FACULTY OF MATHEMATICS AND COMPUTER SCIENCE

Bringing opportunities for students to gain not only knowledge and skills for a successful profession, but also to learn how to efficiently solve problems, the Faculty of Mathematics and Computer Science provides access to highly developed calculus infrastructure and an environment that points towards excellence.

UNDERGRADUATE:

Applied computer science

Computer science

Mathematics

Mathematics-computer science

POSTGRADUATE:

Artificial intelligence and distributed computing (in Romanian and English)

Big data – data science, analytics and technologies (in English)

Bioinformatics

Cybernetic security

Financial mathematics

Software engineering

System analytic and geometric modelling

PHD:

Mathematics

Computer science

Research centers

- Research Center for Applied Systems Qualitative Theory
- Center for Research in Computer Science

FACULTY OF MUSIC AND THEATRE

*Offers the necessary support
for artistic development in the vocal
and instrumental performance fields,
alongside with the discovery of pedagogical
and conductor vocation.*

UNDERGRADUATE:

Musical interpretation – Musical instruments

Musical interpretation – Singing

Music

Performance art (Acting in Romanian and German)

POSTGRADUATE:

Musical interpretation stylistics

Theatre performance art

PHD:

Music

Theatre

Research centers:

- Musical and Transdisciplinary Research Center

FACULTY OF PHYSICAL EDUCATION AND SPORT

*Future athletes and professionals
are trained in sports, physical education
and kinesiotherapy, with great opportunities
of integration into the labour market.*

UNDERGRADUATE:

Physical education and sport
Kinesiotherapy and special motricity
Sport and motor performance

POSTGRADUATE:

Physical education and sport
Fitness and motor performance
Management of physical education and sport activities and organizations
Kinesiotherapy in orthopedic and traumatic pathology
Prophylactic kinesiotherapy and physical rehabilitation

Research centers:

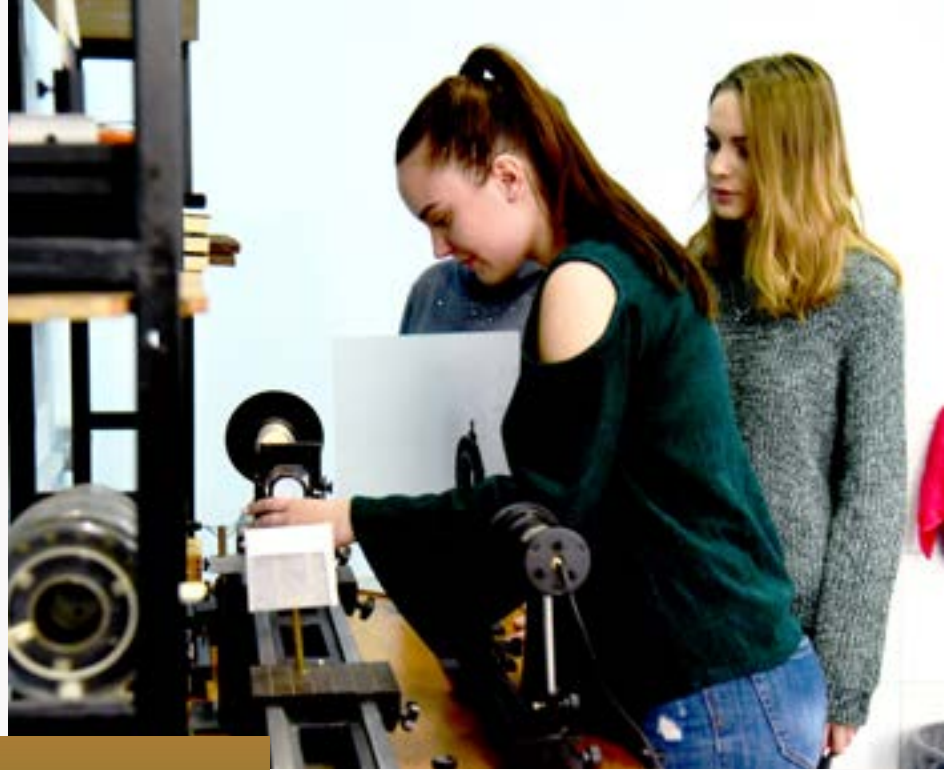

- Center for Research in Sport Science, Physical Education, and Kinesiotherapy

FACULTY OF PHYSICS

*A wide perspective on every problem
and a good starting point for a career in various
fields: astrophysics, renewable energy, material
engineering, economic forecast, information
technology, medical physics and research.*

www.physics.uvt.ro

UNDERGRADUATE:

Medical physics

Physics

Physics – computer science

POSTGRADUATE:

Astrophysics, elementary particles
and computational physics (in English)

Physics and technology of advanced materials (in English)

Physics applied to medicine

PHD:

Physics

Research centers:

- Group for Research in Elementary Particles Physics
- Theoretic Physics Research Center
- Research Center in Physics of Materials
and Renewable Energies

FACULTY OF POLITICAL SCIENCES, PHILOSOPHY AND COMMUNICATION SCIENCES

*An educational offer adapted to the new
social-economic dynamics, for successful
national and international careers.*

www.pfc.uvt.ro

TEACHER TRAINING DEPARTMENT

www.dppd.uvt.ro

The structure of West University of Timișoara which provides the initial and continuous training for those who decide to become teachers. University graduates can only become teachers after getting their Level I Certificate (for lower secondary school) or Level II Certificate (for high-school, college, university).

The Teacher Training Department offers special programmes for students, university graduates and teachers in order to develop their professional skills: psycho-pedagogical, digital, management and research skills, which are mandatory for a teaching career.

It organizes applied research activities regarding initial and continuous teacher training, as well as postgraduate professional conversion programmes and adult training programmes, also collaborating with highschool teachers in order to set up the context for teacher training courses.

22 FIELDS OF DOCTORAL STUDIES:

- Accounting
- Chemistry
- Computer Science
- Economy
- Education Sciences
- Finance
- Geography
- History
- Law
- Management
- Marketing
- Mathematics
- Music
- Philology
- Philosophy
- Physics
- Psychology
- Political Sciences
- Sociology
- Sport Sciences and Physical Education
- Theatre and Performative Arts
- Visual Arts

COUNCIL FOR DOCTORAL STUDIES

Doctoral Studies at West University of Timișoara

prepare the next generation
of leading education researchers,
providing PhD students
with training opportunities
and scholarships, so as to take full
advantage of scientific research.

Doctoral research is one of the main academic directions of West University of Timișoara, bearing an institutional and historical relevance. After the 1990s, when Romanian higher education readjusted and during an unprecedented development of the university, new doctoral fields were created. Economic fields (Finance, Economy, Accounting), Chemistry, Computer Science, Visual Arts or History were added to the existent ones, to finally be completed by Philosophy, Sociology, Management, Marketing and Geography.

The 176 PhD supervisors perform an intense scientific activity, with various accomplishments, according to their field of study. They collaborate with national and international professional societies, frequently being members of their management board. Many WUT PhD supervisors are also members of the editorial boards of Romanian and international scientific research magazines.

**I AM
STUDYING
AT WUT!**

WUT – AN INTERNATIONAL UNIVERSITY

West University of Timișoara

offers students the opportunity to combine theoretical and practical knowledge, in a multi- and inter-disciplinary environment, preparing them to enter a globalized labor market.

With more than **6% of international students**, the university is intensively involved in processes of internationalization with our faculties, offering over **20 study programmes** in foreign languages (English, German, or French) at Bachelor, Master and Doctoral level.

The Department of International Relations within WUT supports the international dimension of our educational offer by providing the logistical framework and services for receiving and organizing the activity of international lecturers. Every year, West University of Timisoara hosts

more than 10 international lecturers for Bulgarian, Chinese, Croatian, English, Italian, Portuguese, Serbian, Spanish.

West University of Timișoara is highly proactive in connecting with prestigious higher education institutions around the world. Fostering a multi- and inter-disciplinary approach to higher education and research, WUT has **over 450 Erasmus+ bilateral agreements**, providing the framework for exchange of individual mobilities, and over **220 other bilateral agreements with higher education institutions worldwide**.

On an annual basis, we organize hundreds of incoming and outgoing mobilities for our students (study, training), as well as our academic and administrative staff (teaching, training, research). With more than 1000 international students, as well as some 500 Erasmus+ outgoing mobilities of WUT students, academic and administrative staff, WUT's goal is to constantly deepen the internationalization approach, being increasingly oriented towards opportunities for graduates' absorption by a globalized labor market.

DIGITAL ECOSYSTEM @WUT

Open to the latest technologies, WUT is constantly interested in providing an up-to-date digital resource system to its community of teachers and students.

With multiple videoconferencing options, modern software design and development tools (Microsoft Azure Dev Tools for Teaching), WUT offers a secure intranet and institutional e-mail addresses with complete e-mail suite and related applications with unlimited accessible storage space, compatible with any e-mail client regardless of the operating system or usage.

The entire academic community can enjoy a complete Office suite for offline and online work, a complex web platform implemented as a learning management system, which offers services and modules for the development of an e-learning environment, provided with an anti-plagiarism software module (Turnitin).

With the support of our IT professionals, WUT put into operation the StudentWeb – a complex

component of the school management application (UMS) that allows online access to school situations (grades, credits) and financial (debts, payments) of each student. They also provided for students, access to scientific databases (over 24 databases of scientific articles such as Science Direct, Springerlink Journals, PROQUEST Central, IEEE All-Society, American Physical Society Journals, Institute of Physics Journals, Sage Journals HSS Collection, American Institute of Physics Journals, Clarivate Analytics, SCOPUS, Wiley Journals, Emerald Journals, MathSciNet, American Chemical Society Journals, Cambridge Journals, Science / American Association for the Advancement of Science, SciFinder, Nature Journals, EBSCO Host - Academic Search Complete, EBSCO Host - Business Source Complete, EBSCO Host - ART full-text, CAB Abstracts, CABI Forest Science Database, CABI VETMED Resource) and online payment, accommodation and admission systems.

An Integrated Document Management System (SIMD) and a complex platform of integrated applications, used for the management of complex databases and workflows (SAP) are available for all WUT employees, while doctoral students and their supervisors have access to Ithenticate, the online platform that allows them to verify the anti-plagiarism of scientific documents and papers and to the University Management System (UMS), an online tool dedicated to managing the activities of educational processes in university environments.

WUT STUDENT UNIONS

OSUT

With an experience of more than 28 years, the Students' Organization of the West University of Timișoara (OSUT) represents the common interests of students, ensuring basic services for them, initiating projects for their benefit.

It encourages their involvement in educational activity, in the social, economic and cultural life. The union represents a young environment, where students have the opportunity to express themselves and put their ideas into practice.

EVENTS ORGANIZED BY OSUT:

StudentFest – the biggest international student festival of art and culture in Romania

West Summer University – intended for guiding highschool children in choosing the right faculty

ITFest – promoting updated communication instruments for students

WUT ball – the best occasion for students to know each other

OSUT made the Students' Guide, with details on how a university works, on what seminars, credits, exam sessions are all about. Also, students can always find, at their headquarters, support and information on scholarships, fees, Erasmus+ programmes, students' rights and responsibilities.

ASSEUT

The Association of Students in Exact Sciences is a non-governmental association which understands the needs of students and contributes to problem solving. In other words, it protects their legal rights. Promoting democracy, defending the social, cultural and professional rights of its members, are the key-elements of the association. Its main goals are: to state and promote the diversity of opinions, the exchange of ideas and tolerance, to support students in the process of their personal and professional development, to promote and defend human rights, to perform sanitary and cultural acknowledgement activities through its projects, to involve its student members in various local, national and even international programmes.

www.asseut.org

AIESEC

The International Association of Students in Economics and Commerce is a youth organization, whose main objective is young people's development through the experience of integrated learning, consisting of team work, leadership positions and internationalism. With more than 20 years of experience, AIESEC Timișoara provides development opportunities for the students, in their specific fields of interest.

www.aiesectm.ro

HEXAGONE

The **Francophile Students' Association HEXAGONE** was founded in 2007 by a number of students from the French Department of the West University of Timișoara. It offers a frame for students to meet French people and other francophones. It also gives them the opportunity to discover different cultures, to speak French while exchanging ideas, initiating projects and having fun.

Facebook:Hexagone-Timisoara

ELSA

The European Law Students' Association is the world's biggest organization of law students and young lawyers. ELSA is a non-political, independent and non-profit organization, which works on a voluntary basis, representing over 32.000 law students from 42 countries, belonging to more than 300 universities.

ELSA aims to contribute to legal education and to promote the law students' and young lawyers' mutual understanding and social responsibility.

GEOTIM

The Association of Students in Geography is one of the first student organizations, founded after the Revolution of 1989, in 1991, by teachers (who were students then) in the Department of Geography.

GEOTIM organizes on-site study trips in the mountains, trail marking sessions, photography exhibitions and contests. Student members can also attend scientific communication sessions. Its main objectives are encouraging and supporting future generations of geographers, by organizing contests and symposiums at a regional and national level.

www.geotim.ro

CRU

The **Center for Academic Achievement** was inaugurated in April 2013 and since then, it has had a strong collaboration with the French Institute in Timișoara, the French Lectorate at WUT, offering support to francophone student associations.

CRU is part of a European network of 25 achievement centers, open in ten Central and East-European countries, with the common goal of promoting francophone activities at local and regional level, with focus on university and academic life.

Facebook: europecentraleetorientale

OSB

Bessarabia Students' Organization is an NGO, a non-profit and non-political body. It was founded on May 3rd 2001, following the natural impulse of Bessarabian students to promote the Romanian academic environment and generate a link between the cultural specificity of the two countries: Bessarabia and Romania.

Its mission is to promote the rights of young students from Bessarabia who study in Romania and their education on a national, democratic and pro-European spirit.

www.osb.basarabeni.ro

ASPST

Founded in 2005, the **Association of Students in Psychology and Sociology in Timișoara** aims to support the students at the Faculty of Sociology and Psychology of West University of Timișoara and to promote social and human sciences in the Romanian and European society.

Its mission is to facilitate students' access to personal and professional development, through values like friendship and responsibility, to engage in the creation of a better society, where people confide in each other.

In order to achieve this mission, the association runs ASPST, Cognosis and EFPSA (European Federation of Psychology Students' Association) projects.

ASPFC

The **Association of Students at the Faculty of Political Sciences, Philosophy and Communication Sciences** is a team of young dedicated people who represent the interests of PFC students, actively involved in their personal, academic and professional development. Its projects aim to create new opportunities for students to enhance their creativity and abilities.

www.aspfc.ro

ESN

Erasmus Student Network is one of the biggest students' association in Europe. ESN Timișoara received its recognition from ESN Romania in December 2011. The student volunteers take care of organizing activities for international students in the city and for former Erasmus Romanian students, their main aim being to contribute to the social (re)integration of the two groups.

esntimisoara.blogspot.ro

PRO PFC

The **Association Pro PFC** is a young non-governmental organization, which represents the students of the Faculty of Political Sciences, within the West University of Timișoara. Its aim is to support the students, to contribute to their professional development and to defend their interests.

Through interactive methods, Pro PFC projects complete the students' academic education, encouraging them to follow their dreams.

www.propfc.ro

YAA

Young Accountants Association is a non-governmental organization founded by students attending Accountancy and Bookkeeping Information Systems within the Faculty of Economics and Business Administration.

YAA provides students free access to a non-formal learning environment in the field of accountancy, being a community of people with the common wish for professional excellence.

Facebook: YAATimisoara

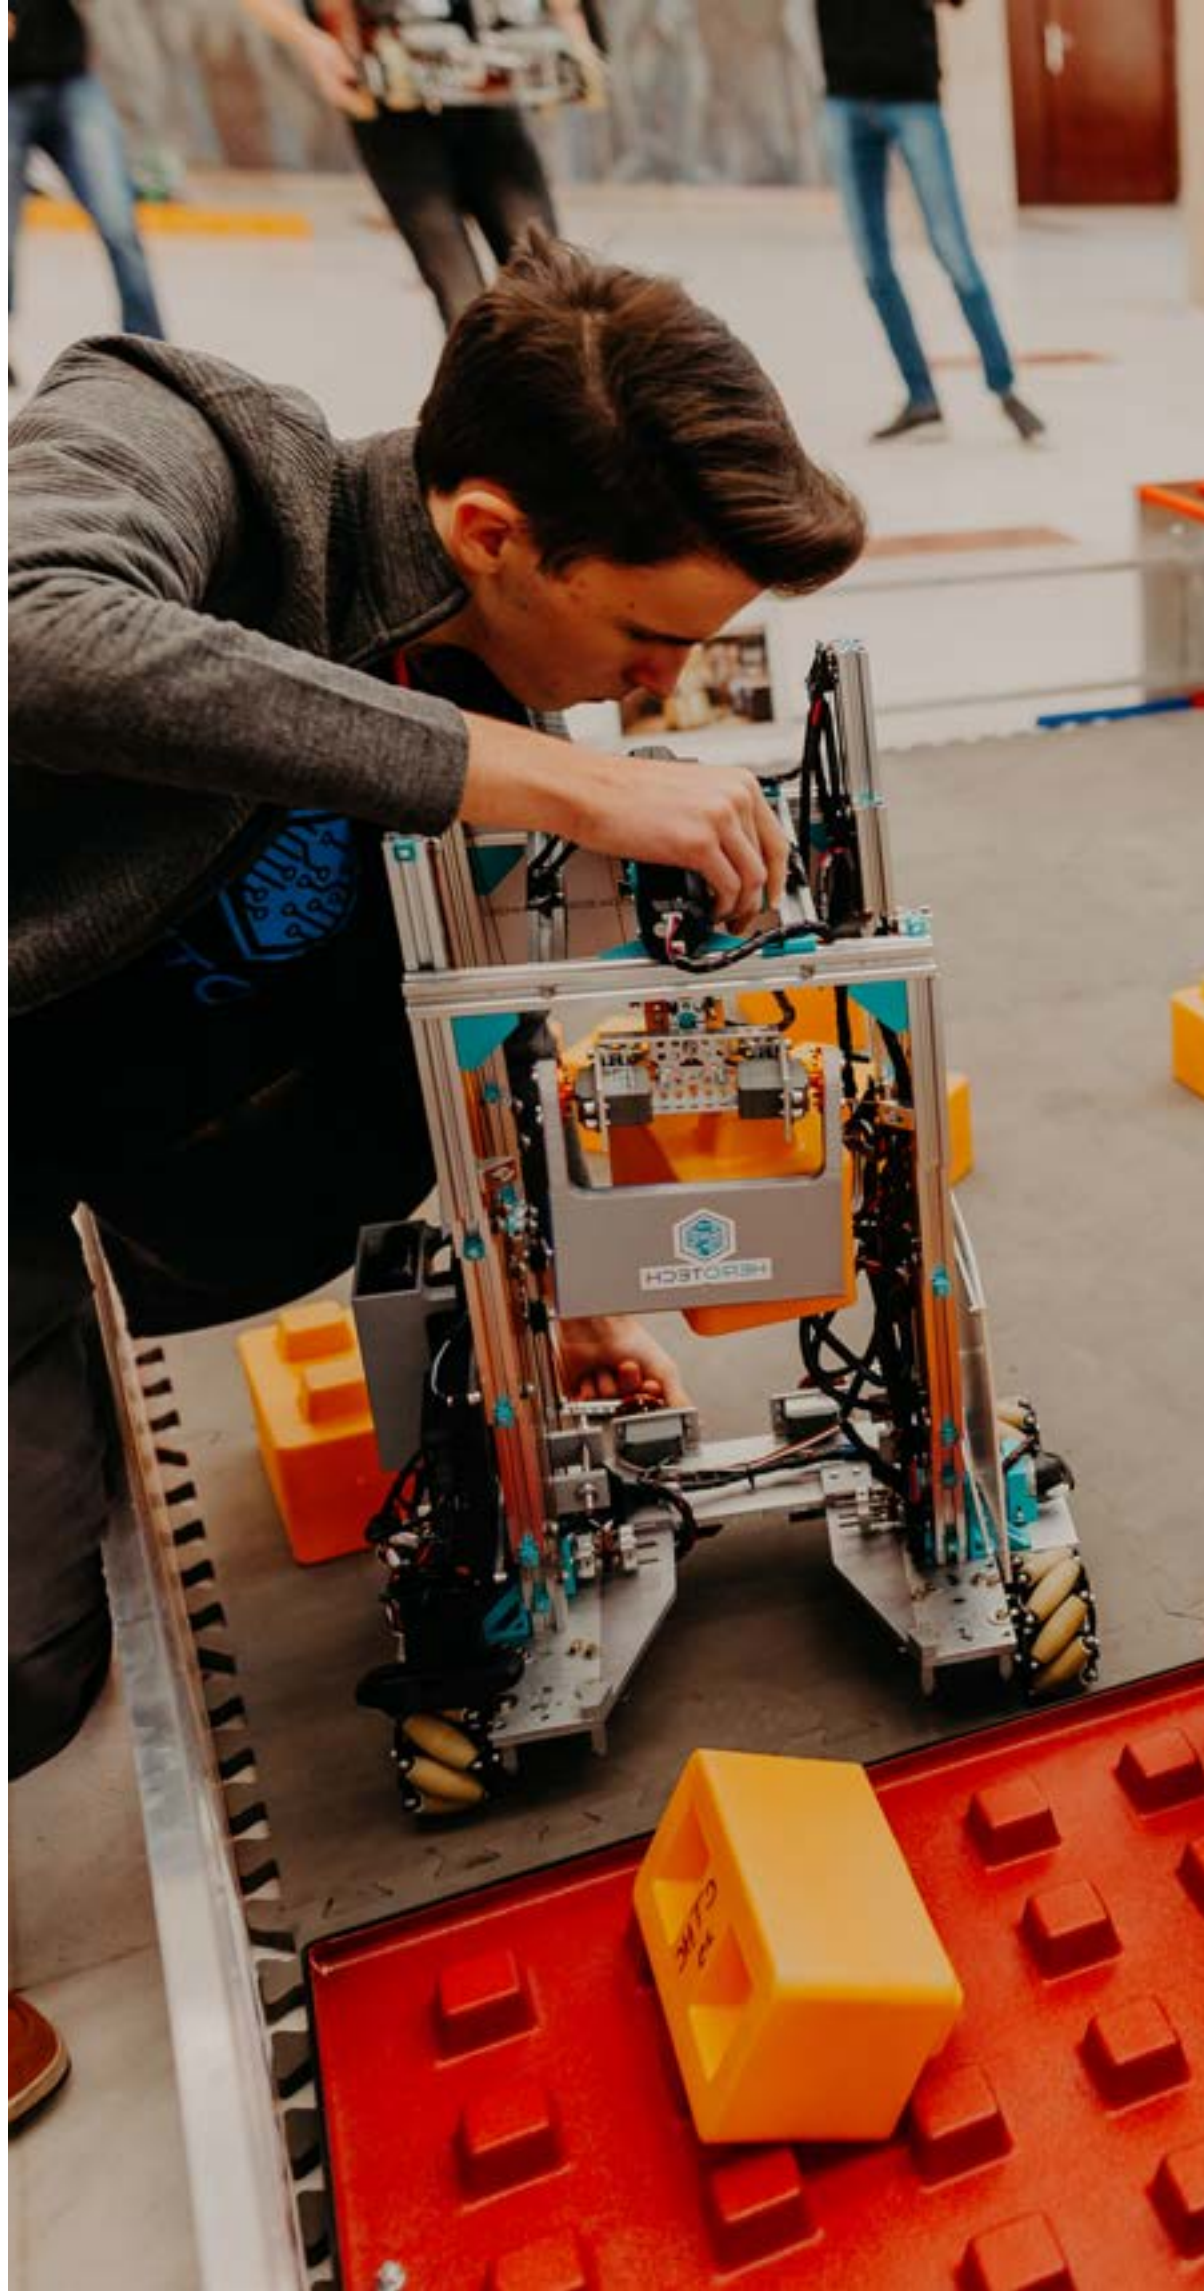

THE ASSOCIATION FOR WORLDWIDE ROMANIANS "THE INITIATIVE"

The **Association for Worldwide Romanians "The Initiative"** was founded in February 2019 by the Romanian students worldwide in order to facilitate the increase of their scholarships. It represents the interests of worldwide highschool and university students of the Timișoara academic centre.

The Association invests in its members, providing them with opportunities for their professional, academic and personal development.

Facebook: AsociatiaInitiativa

THE DEPARTMENT OF SECONDARY EDUCATION

In accordance with the strategic goals of West University of Timisoara, the Department of Secondary Education has a coherent approach that has been integrated and adapted to the needs and interests of today's generation of students.

It is based on a promotion system that is innovative and accessible to faculties, being altogether attractive and relevant to the school system.

It supports the implementation of activities whose aim is to attract students towards the study programs that WUT has to offer.

The Department of Secondary Education Affairs, also builds a strong relationship with secondary education, identifying mutual solutions and promoting WUT's faculties.

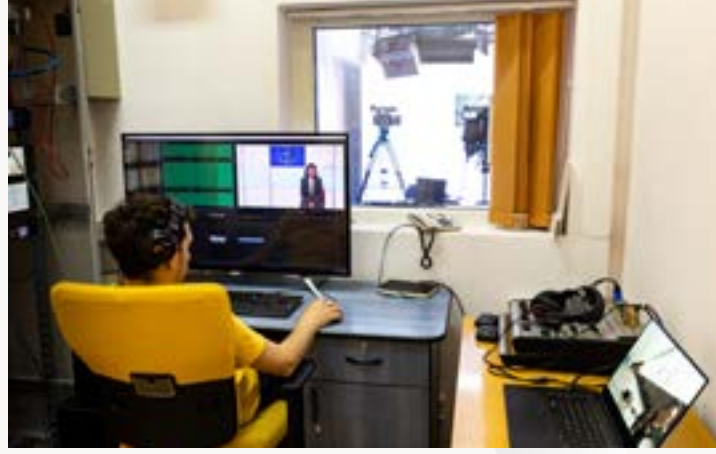

Open Robotics Intelligent Grid

innovation is a
collective adventure.

ACADEMIC FACILITIES

WUT TV STUDIO

West University of Timișoara keeps developing and evolving in the middle of the community to which it belongs. In addition to its recognition as a traditional leading academic institution in the western part of the country, WUT has also become a „University of News”.

The most recent cultural and educational information get about more efficiently now, due to the television studio: WUT TV. Well connected to the internal activities of the university and to the events which take place in Timișoara, in the special context of the city as European Capital of Culture in 2021, WUT TV is a genuine TV station, beginning to have its well-defined place in the local media. With state of the art equipment,

the WUT TV studio is a genuine television lab, not only for students at Journalism and Communication, but also for all the media passionate students, regardless of their field of study.

Highly connected to the students, a professional journalist and an e-media specialist teach them how to edit news, make a report, an interview, a documentary or a short film. Together, they build a consistent portfolio and move further towards a future career in media or television.

The latest news about academic and cultural events, about student and university life, but also about the cultural life of the city are taken over, processed and disseminated to the local community on the WUT TV website (www.tv.uvt.ro) and Facebook page (www.facebook.com/uvt.tv/).

WUT FOUNDATION

The WUT Foundation
was created in December 2012
as an active support
for educational, research
and social responsibility projects.

Its main purpose is to promote the values of culture, science and civilization, by creating partnerships between WUT alumni, cultural and scientific personalities, national and foreign representatives in the social and economic field.

The activities of the Foundation have a beneficial impact on the WUT community. It organizes conferences, workshops and summer schools, supports the research programmes of young WUT academics, provides financial support for students and employees to organize or participate in various projects and activities.

Since 2017, the WUT Foundation has been submitting projects with great impact for the community, not only on a local level but also on national and international levels. For this purpose, a branch of the WUT Foundation was set up in Bucharest.

The increase in the number of projects and activities in the whole country and worldwide has a beneficial role in the valorization of the results of the implemented projects. It also consolidates the relation between the academic community, students, teachers, alumni and the social, economic, cultural, artistic and sports environment.

WEST UNIVERSITY PRESS

The West University Press

is one of the most
important university publishing
houses in Romania.

It was founded in 2001 with the intent to bring to the academic book market authors who have the potential of becoming names of reference in their fields of activity.

In order to ensure content quality, WUP selects its books based on a rigorous peer-review process. The General Catalogue of the West University Press includes over 600 titles, covering a wide range of study and research fields. All volumes are available for BA, MA and PhD students, researchers, academics and professionals, in the university bookstore from the WUT main building.

www.editura.uvt.ro

"EUGEN TODORAN" CENTRAL UNIVERSITY LIBRARY

Along with the Central University Libraries of Bucharest, Iași and Cluj-Napoca, "Eugen Todoran" Central University Library of Timișoara is a scientific and cultural institution of national interest,

having a clear mission and a definite role of setting up, organizing, processing, developing and preserving collections of books, periodicals, articles, electronic publications, as well as providing the necessary information for the educational and research activities.

It is a modern building, with large and comfortable reading rooms, in which collections are displayed on open shelves and organized by study subjects:

- Austria Library
- Chemistry and Biology
- Economics
- Exact Sciences, Natural Sciences
- Fine Arts
- Humanities
- Law
- Multimedia Library
- Music
- Orthodox Theology
- Periodicals
- Physical Education and Sport
- Political and Social Sciences
- Special Collections

MANSARDA GALLERY

Located within the Faculty of Arts and Design, "Mansarda" Gallery has become one of the well-known exhibition spaces of Timișoara. Hosting a wide range of cultural events, the gallery is fascinating due to its unusual architecture.

On occasions such as festivals, personal or group exhibitions, conferences, symposia or workshops, the Faculty of Arts and Design brings together in this space both renowned artists and students. From this perspective, the gallery becomes the place for a learning experience in which artists in training – students – have the opportunity to meet both their peers from other universities in the country or from abroad and contemporary visual artists.

EXPERIMENTARIUM™

The first
Experimentarium
founded in Romania, in 2011,
is the result of the collaboration
between the "Politehnica"
University of Timișoara
and WUT, with the aim of
making science more visible,
more tangible and more
accessible.

The centre accommodates a multitude of
interactive experimental stands, which
facilitate the visitors' discovery of the
fascinating world of physics.

In Experimentarium™ are performed
over 350 experiments, the installations
and their technical support being
provided by the Faculty of Physics
within WUT and the Department of
Engineering Physical Backgrounds
within "Politehnica" University.

Since 2019, Experimentarium™
has been developing a new project:
Experimentarium NON STOP, which
offers viewers a non-stop experience,
without the need for assistance.

ORPHEUM HALL

Commissioned in 1997, Orpheum Hall has hosted along the years prestigious concerts, festivals and contests, being considered the most representative concert hall of the Faculty of Music and Theatre.

With an impressive height and proper acoustics, the sound being rounded off by the symmetric size of the room, Orpheum Hall has 80-100 places. It is fitted with two concert pianos and a classical organ, which was mounted on the elevated podium in 2000 and represents the first important work of the Szekely builder Pap Zoltan.

The large windows which let in plenty of light, together with the rococo style chandelier achieve the majestic appearance of the hall which preserves the memory of many artistic thrills and of much professional success.

WUT FUTURE PROJECTS

At WUT, one of our main concerns is to constantly provide the proper premises for a modern education.

We aim to ensure the necessary facilities for a high-level scientific research, artistic creation and sport performance. Thus, in order to offer the best learning and teaching conditions, we design and develop new projects all the time, investing in the university infrastructure with the support of our public and private partners.

WUT's permanent endeavours consist in updating and maintaining in good conditions all the learning spaces, sport facilities and dormitories for our young community of students. We are proud to design new contemporary buildings for our faculties and to develop projects for top accommodation facilities.

For our MA and PhD students, we rehabilitate the areas in our old historical buildings, providing them with modern amphitheatres, seminar rooms, co-working spaces, exhibition halls and other functional areas necessary for a contemporary learning process.

SPORT AT WUT

West University of Timișoara acknowledges the value of a healthy lifestyle and invests a lot of energy in the development of performance in sports.

With the view to increase the efficiency of physical activities among students, in 2014 WUT founded the University Sports Club "West University of Timișoara" (USC-WUT), a body which is subordinated to the Ministry of Education.

Initially, a first set of programmes were created for **Gymnastics, Handball, Karate, Martial arts, Natation, Rugby,**

Volleyball, Beach Volleyball, Target shooting, Badminton, Paragliding and Chess. In 2016, due to the students' increased interest in other sports fields, new programmes were added: **Athletics, Basketball, Basketball 3x3, Cycling, Football, Spor for Everyone, Tennis, Table Tennis, and Wrestling.**

The USC-WUT Club is now a core for training for champions, with great

CSUT

CLUB SPORTIV UNIVERSITAR
Universitatea de Vest
din Timișoara

results in each sport area, with modern facilities and experienced coaches who train the players.

Our students are welcome to practice their sport of choice in a wide range of indoor and outdoor facilities, fitted with the latest technologies to achieve performance.

STUDENT FACILITIES

The students are at the very heart of WUT's objectives. All its actions and activities are meant to prepare future graduates for their chosen careers.

Free local transportation

Access to European-standard accommodation

Access to one of the most modern university libraries in the country

Discounts for visits to cultural institutions in Timișoara

Free bicycle rental

Free scooter rental

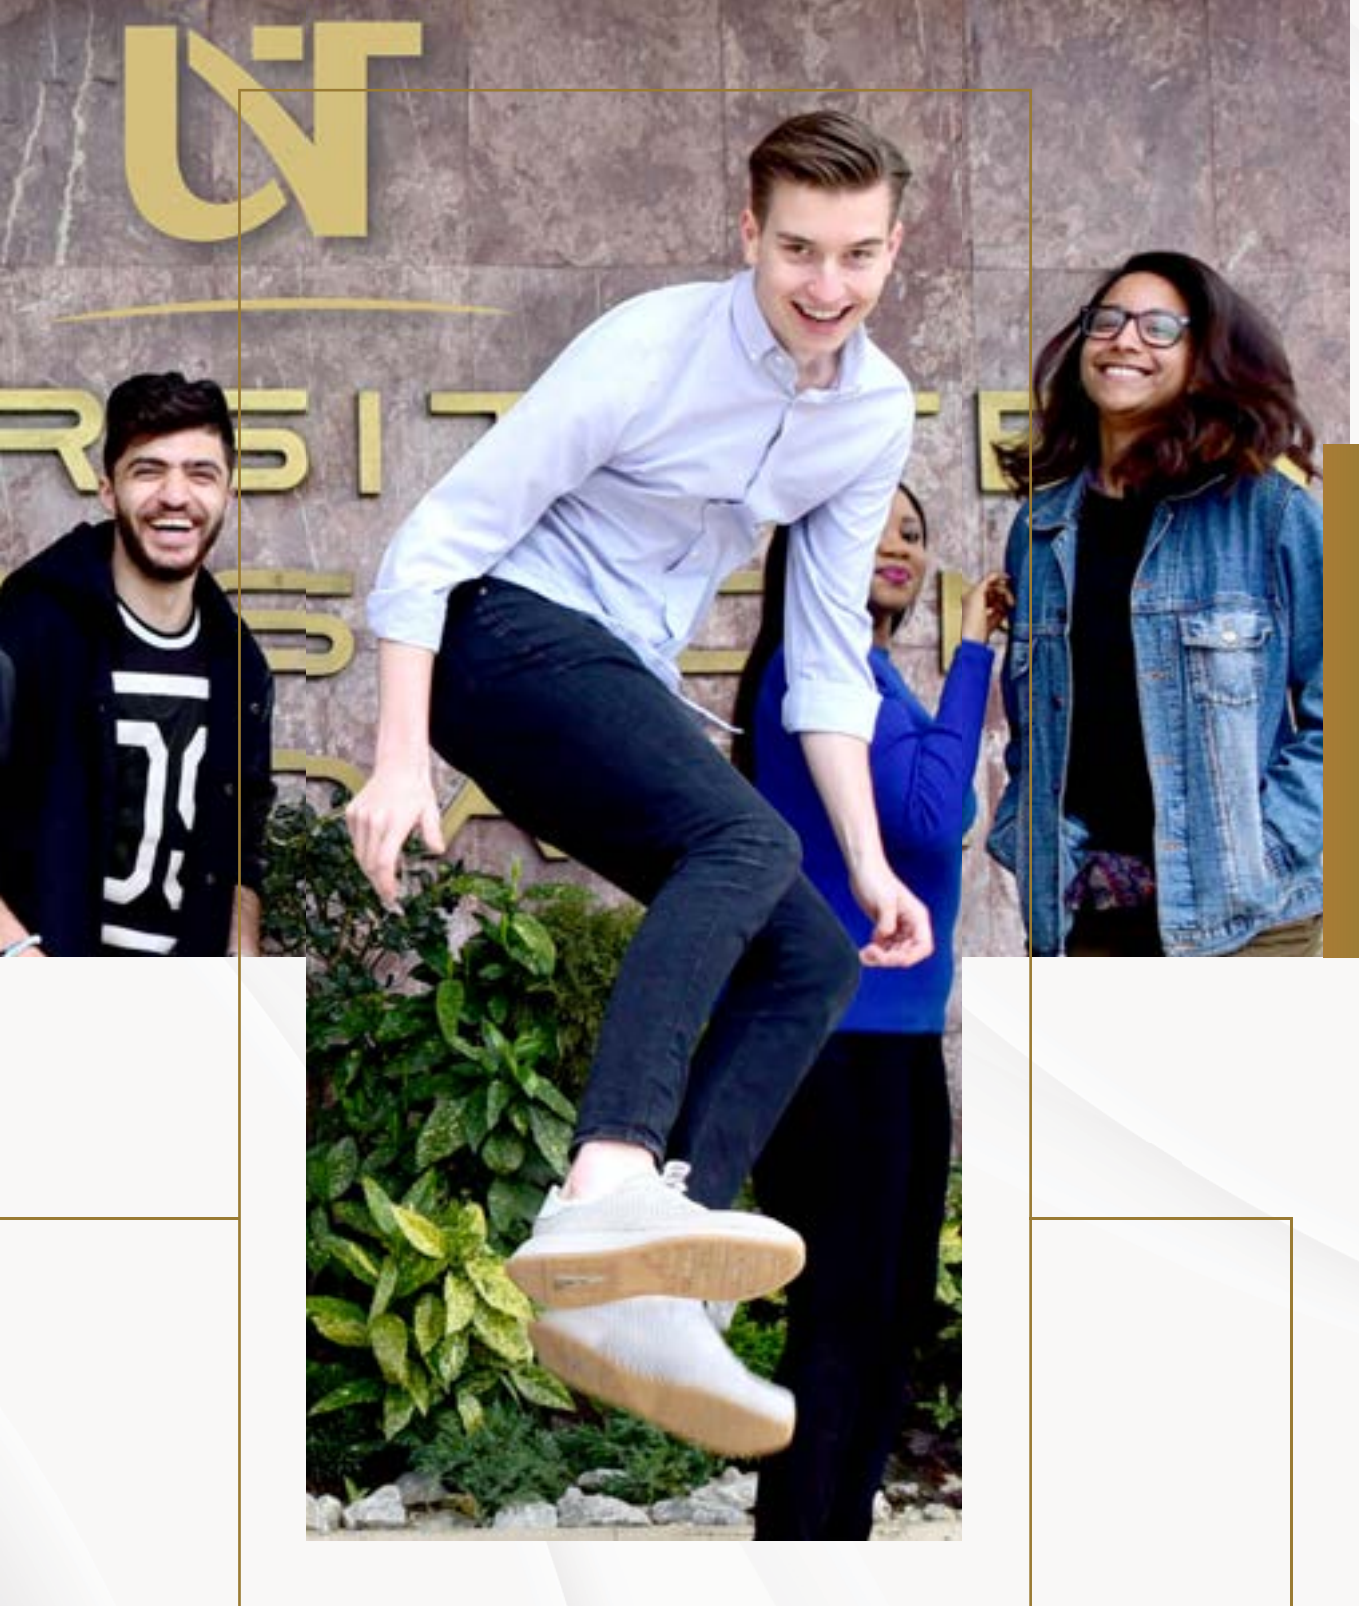

Free access to the E-UVT Platform, which includes a free institutional e-mail account

Access to Google Apps for Education and to a StudentWeb platform, to check grades and fees online

Scholarships funded through agreements with the Ministry of Education and Research:

- Performance scholarships
- Merit scholarships
- Doctoral scholarships
- Welfare scholarships

Scholarships funded under special laws:

- Scholarships for ethnic groups
- Olympic Merit scholarships (for Romanian students)
- Scholarships for students residing in rural areas

Scholarships funded through the agreement with UNHCR Romania:

- Scholarships for refugee students

WUT funded scholarships:

- Excellence scholarships

WUT – A STRONG COMMUNITY

SUCCESSFUL ALUMNI

Our good reputation goes beyond borders and time. WUT's tradition and recognition is owed to and confirmed by its graduate students.

A large community of WUT spokespersons, its unappointed ambassadors into the country and abroad, our alumni are the best example of the university's performance. We are proud to have as WUT graduates several resounding names who have shined over the years in their fields of activity and who represents our values:

Herta Müller
Nobel Prize for Literature

Chester Williams
World champion in rugby

Leonard Doroftei
World champion in boxing

Herta Müller,
 Chester Williams,
 Leonard Doroftei,
 Lavinia Miloşovici,
 Gina Gogean,
 Andreea Răducanu,
 Maria Olaru, Simona

 Cristian Chivu,
 Cosmin Contra.

Cristian Chivu
 Former footballer,
 with 75 international caps

Cosmin Contra
 Former footballer and current
 manager

Simona
 Tabără Amânar
 Multiple world and Olympic
 champion at gymnastics

Andreea Răducanu
 Olympic champion in
 gymnastics, sports journalist
 and writer

Aura Twarowska
 Mezzo-soprano
 at the Vienna State Opera

UVTerra

The accomplishment of WUT students, professionals in their fields, give our academic community the necessary strength.

To help former students stay in contact with WUT, keep their student memories alive and attend university activities after graduation, we created UVTerra - a virtual place for the WUT alumni community.

WUT EVENTS OF TRADITION

INDUCTION WEEK

Let the Adventure Begin!

Each year, the first week of school is dedicated to 1st year students. A week with no schedule, no mandatory attendance and no grades.

Five days for them to discover the city, their professors and their future colleagues and friends.

- Workshops
- Team buildings
- City exploration and day trips
- Sports competitions
- Parties and concerts
- Presentation of study programmes

OPEN DOOR DAYS

Twice a year, during the "Different School Week" (one week in March/April and October/November, when Romanian pupils have the opportunity to practice alternative means of education), **WUT opens its doors to promote its study programmes to anyone interested.** People have the opportunity to come and

meet the students, the professors, to visit the study halls and classrooms and to take part into the daily activities at WUT. During this period, they can also find the career options after graduating WUT and all the international student mobilities that we offer based on our agreements with universities based all over the world.

WUT AWARDS GALA

At the West University of Timișoara, we strongly believe in the power of a solid community, in the importance of every member's value and contribution to the quality of future generations.

At the end of each year, we take a moment to balance and review our accomplishments, to express our appreciation towards all the members of the WUT family (students, teachers and administrative staff), but mostly towards such professionals who have dedicated their activity to the benefits of the entire society and who have achieved remarkable results.

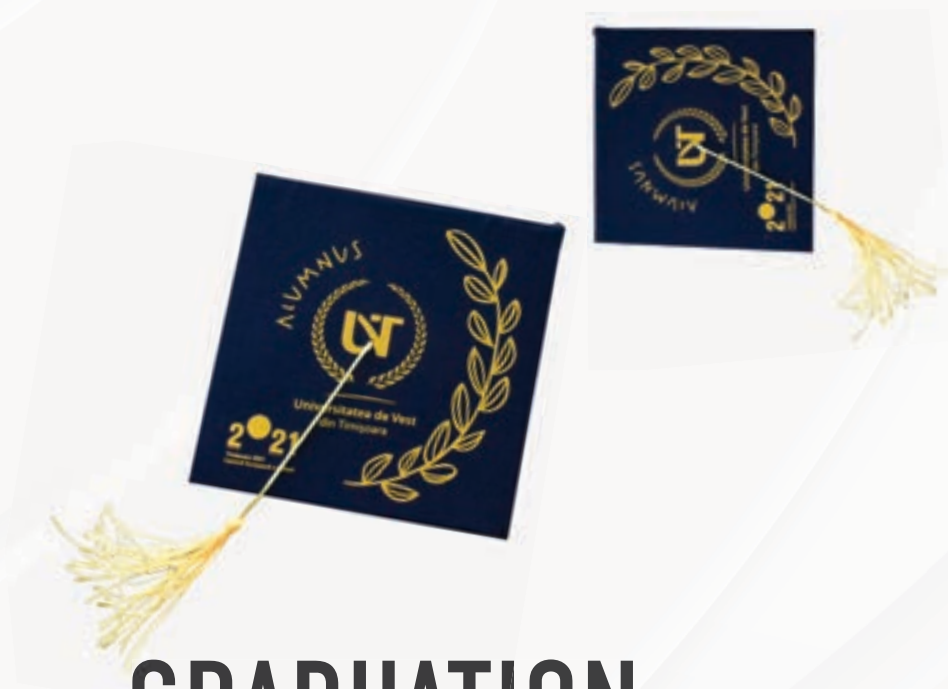

- "Mircea Zăgănescu" Award for Natural Sciences
- "Mihail Ghermănescu" Award for Mathematics and Computer Science
- "Gabriela Colțescu" Award for Social and Political Sciences
- "Dumitru Mareș" Award for Law and Economic Sciences
- "Eugen Todoran" Award for Humanities Sciences
- "Aurel Breilean" Award for Arts and Sport
- "Ioan Curea" Award for the Activity within WUT
- "Sever Bocu" Award for Civic and Social Engagement
- "Student of the Year" Award
- "Alumnus" Award

The Gala awards are named after personalities who had a significant impact on the university's history, bringing their special input to the development of the academic culture in the western part of the country. The WUT Awards Gala is, thus, a double recognition – of the worthiness of the ones who gave their names to the awards, on the one hand and of those to whom these awards are granted, on the other hand.

Gala Premiilor
Universității de Vest
din Timișoara

GRADUATION CEREMONY

What can be more enjoyable than having all the WUT students in the final year of study celebrate together with their families, friends and teachers the solemn moment of graduation?

At the end of the three years of study, West University of Timișoara organizes the usual ceremony where the graduates and their relatives share the unique moment of throwing the academic hat up in the sky and stepping into the wide world as WUT alumni.

SECURITY CHALLENGES IN THE BALKANS

As a space historically regarded as the "powder keg of Europe", the Balkan region has been characterized by a tumultuous dynamic, where interests often overlap and collide, creating a domino effect on a larger scale.

In an area still facing challenges, where outside powers claim influence and internal struggles put pressure on the entire region, the security environment still has room for further improvement.

The "Security Challenges in the Balkans" international conference aims to address the newest developments in the field and propose some pragmatic resolutions.

Organized by the West University of Timișoara and New Strategy Center, this annual conference represents a platform for consistent debate on the most stringent topics concerning the Balkans.

Through meaningful exchange and enhanced cooperation between the academic environment, officials and experts, new ideas and perspectives can contribute to coping with regional challenges.

Intelligence studies and cyber security also make the subject of two innovative Master programmes that WUT has developed for its students.

The Master in Global Security (Faculty of Political Sciences, Philosophy and Communication Sciences) and the Master in Cyber Security (Faculty of Mathematics and Computer Science) prepare the students to operate in the fields of international relations, external affairs, governmental agencies and non-governmental organizations, to prevent, detect and mitigate cyber attacks and also to be able to manage cryptography and information security elements, security architectures and protocols and other concepts thoroughly anchored in the present international context.

WUT LIBERTY MARATHON

West University of Timișoara undertook the idea of liberty in all its activities, including sport. Liberty through sport. WUT Liberty Marathon takes this idea further, in Timișoara, the first free city in Romania.

It is the first Romanian marathon organized by a university, with the first step taken in 2018, as a manifestation of the choices which make us different, unique and free.

WUT Liberty Marathon's vision is to become a reference point among the marathons all over the world. Experienced runners, those who want to try it for the first time and also children are welcome to the race.

univibes BY UVT

UNIVIBES

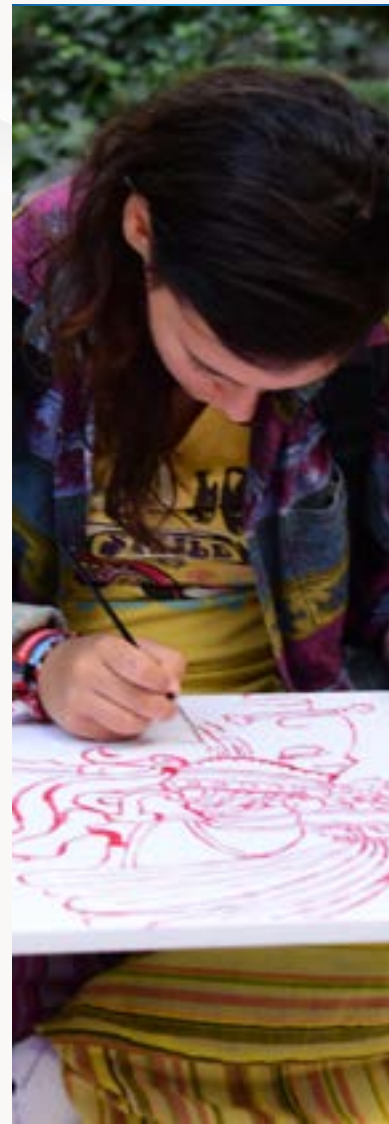

On the last day of the Induction Week, right before the beginning of classes, it is the perfect time for everyone to get acquainted in the most informal and cheerful manner: through music and dancing.

Univibes is the only music festival in Romania, which takes place in a university and where everyone is invited. It breaks down all the barriers and turns the West University of Timișoara into a dancefloor, for 24 hours.

With multiple stages inside and outside the university, with live-acts, Dj-sets and good vibes, the festival opens its doors to everyone. WUT is then besieged by rhythm and

positive energy, by rock music, ska, electric, funky, jazz, groovy, house, dub, techno and breakbeat. But music is not all. Univibes also means film screenings, painting and literature workshops, juggles, origami and jam sessions.

Univibes marks the start of a new academic year and is our way of celebrating youth together with the entire city of Timișoara.

THE GREEN WEEK

As a sustainable university and out of care and respect for the environment, the West University of Timișoara celebrates, in June, the wellbeing of nature, by organizing the Green Week.

Through the five days of joy, we try to help everyone acknowledge the importance of an appropriate behavior towards our surroundings, through conferences and workshops and by encouraging our students, our teaching and administrative staff to adopt a healthy lifestyle, closer to nature.

During "The Day Without Cars at WUT", all the members of our community leave their cars at home and come to the university either on foot, by bike, rollerskates, skateboards, longboards or scooters.

On the Green Week, everyone at WUT and in Timișoara is invited to meet in front of the university, to „Bike with the WUT family”, on a special track around the city center, spending quality time together, enjoying sports and, thus, taking a stand and being a positive example in our town.
